

*A spellbinding true story of love, passion and adventure. One cant help but be swept away by **100% Love Guaranteed.***

Dr Tammie Matson, author of Elephant Dance

True love was something Roger had given up on by the time he left Australia to see the world. Girlfriends, he'd decided, simply weren't worth the effort. But all that was about to change when he arrived in Ecuador two years later and struck up a conversation with a Latina girl selling hand-made jewellery in the street.

Taty, for her part, never had a thing for gringos, and nor did she imagine that a chance encounter could be the start of a roller-coaster relationship one that would take her far out of her comfort zone, from Montaita to Quito to the Galapagos Islands, and in search of help when Roger is arrested and thrown into prison.

100% Love Guaranteed is a book for anyone who knows the lengths we will go to for the people we love. Taty and Roger may have a rough ride, but one thing is for

certain they are in love, and true love conquers all... or does it? Read their story and find out for yourself.

The sizzling rhythm of life in South America is brought sharply into focus in this tale of love with the stopwatch running. A well-paced adventure in the Ecuadorian tropics that gives us all a peek into a bold life we would probably all secretly like to live and a reminder for us to step outside our comfort zones and seize every experience that life has to offer. I highly recommend this as a fun and thought-provoking read that will cause you to ask yourself if you could be also be living a more daring life.

★★★★★ **A compelling read**

This highly captivating true story takes the reader on an intimate journey exploring the author's thoughts and emotions as he shares with us the intimacies of his romance with Taty after their two worlds collide.

Set against the beautiful backdrop of Ecuador we follow Roger and Taty as they endeavour to overcome their doubts and fears together whilst embarking on incredible experiences exploring all that the country has to offer with its nightlife, wildlife and culture.

This book is enjoyable because both characters are flawed but well-intentioned, desperate to be loved yet determined to be independent. It soon becomes apparent that this vivid recount is that of a truly life-changing set of circumstances in the author's journey, one that pushed him to his very limits emotionally, physically and spiritually. And just when you think the story has been told, the author takes us down a rabbit hole into the depths of his soul as he searches for the meaning of his love for Taty.

If you enjoy exploring the nature of human emotion then you will be moved by the unique insight of love offered through the eyes of the somewhat unconventional and free-spirited author.

Take a Look InsideRead the Introduction of 100% Love Guaranteed

I stared at the bare white wall of my cell. Cold anger began to boil within me. Anger at the cheaters who had tricked us; anger at the staff that had misadvised us; anger at the police who wouldnt let me leave the country.

Sensing my inner fury, my cellmates left me to fester in my own negativity. They went about their business of entertaining themselves while they waited for the slow wheels of justice to turn. They played cards, traded drug-trafficking tips, and when they were especially bored, they called for the doctor, pretending to be dead. Many had been in prison for years, so what was an extra week or two? For some, it was a better life than the outside world offered them. At least in prison, they got food every day even if it was served in a bucket.

To calm myself, I started writing. At first it was just the story of how I got arrested, but given that I had little else to do, my mind began to wander back to the memories of the many adventures that had led to my incarceration.

Those memories made me realise that, despite my anger, I was strangely happy. My memories were the evidence that I had lived. Some were good; some were ugly; some made me laugh; and others made me cry, but one way or another, my memories were proof that I had conquered my number one enemy: mundanity.

Here I was, wallowing in filth in a prison in Ecuador, yet somehow I felt I was winning the game of life. I was stewing in anger, yet I felt alive. I was locked behind bars, yet I felt free. I had no cash, yet I felt immensely rich. And in the back of my mind I knew why.

There are worse things than prison. I was living by my own rules. I had rejected a life of meaninglessness. I had dodged the daily grind, and I had let the Joneses have a bigger house. I had escaped the prison of society.

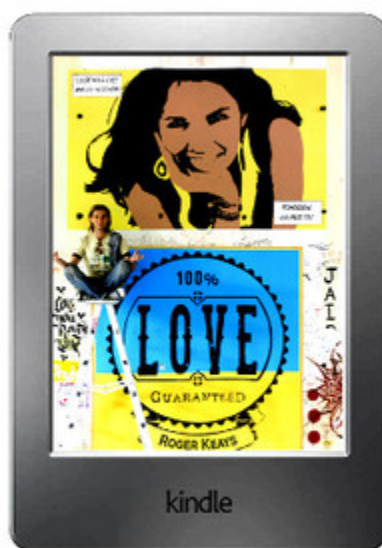

But more importantly, I had stumbled upon something wonderful. Something even more valuable than freedom. And that is what this story is about.
